

# **EIGHTIES**

Eighties - I'm living in the Eighties

Eighties - I have to push, I prostitute myself

Eighties - I saw the whole world getting anxious

Eighties - I saw the worlds begin to march

And we sang

In these Eighties

Eighties - I'm sitting on a table talking ideals

Eighties - I got the best, I'll take all I can get

Eighties - Here comes the savage day

Eighties - I saw the worlds begin to march

And we sang

In these Eighties

Eighties - I'm living in the Eighties - I push

Eighties - I saw the worlds begin to march

Eighties - I'm living in the Eighties - I struggle

Eighties - I saw the worlds begin to march

Eighties - I'm living in the Eighties - I push

Eighties - I saw the worlds begin to march

Eighties - I'm living in the Eighties - I struggle

Eighties - I saw the worlds begin to march
